

# ***Your Pregnancy and Access to Care***

## **Fort Wainwright**

Pregnancy tests are available at Bassett Army Community Hospital (BACH) through the Family Practice Clinic on a walk-in basis. Walk-ins are accepted from 0800-1100 and 1300-1500 during normal business days. Clinics are closed on weekends, all Federal Holidays and some Training Holidays. Test results will be communicated to you through the Family Practice Clinic within 24hrs.

Once there is a positive pregnancy test confirmed by the lab, your Primary Care provider will enter a consult to the Women's Health Clinic for your OB care to be initiated; this process can take 2-3 business days. Please make sure your phone number in DEERS is up to date so the Women's Health Clinic can reach you promptly to schedule your OB Intake.

## **Fort Greely**

If you live in Delta Junction or at Fort Greely, you can receive your OB care at Fort Greely. Please call the Fort Greely clinic at 907-873-4974 for all information about initiating OB care.
